CANNONDESIGN

# *flourish*

---

**Healing spaces for every part of the care journey.** When it comes to mental healthcare, therapeutic spaces are essential for both recovery and fostering long-lasting resiliency and well-being. This means designing beyond just the treatment space—we need the same tailored spaces for preventative measures, urgent care, outpatient settings, residential treatment facilities and beyond.

**We create healing environments that span the full spectrum of mental healthcare, with the goal of expanding care for all who need it.**

## The nation's largest provider of virtual behavioral health

Access TeleCare brings a nation-wide group of high-quality providers to meet the needs of your behavioral health programs. With our tech enabled solution, hospitals and health systems can effectively manage the behavioral health needs of their patients in any care setting from acute care in hospitals, to inpatient units, to outpatient programs and clinics.

### Key Benefits

Timely access to high-quality care

Reduce utilization of locums and recruitment difficulties

Reduce turnover and clinical burnout

Increase patient throughput and reduce ED boarding

Our providers work directly in your EMR and provide all required documentation

Nationwide network of world-class providers to permanently resolve staffing challenges

### Who We Serve

#### Inpatient Behavioral Health Units and Behavioral Health Hospitals

Full behavioral health unit coverage with medical directorship, handling all admissions and daily rounding. Partial coverage options as well for nights and weekends or other gaps as needed.

- ✓ Maximize your census, optimize LOS with high quality care and documentation delivered same day in your EMR

#### PHPs & IOPs

Professional care team led by Psychiatric medical director oversees program with virtual consults for patients.

- ✓ Continuity and consistency of care for patients, implements programs quickly and maintain over time with consistent coverage

#### Outpatient Clinics

We can serve as an outpatient clinic's sole behavioral health care provider or augment existing resources, providing care virtually for patients in your clinic or in their homes.

- ✓ Expand access to care throughout your community, better management of patient conditions, relieve burden of Behavioral Health care from PCPs

#### Hospital Emergency Departments

24/7/365 coverage typically delivered in 15 minutes and with guaranteed response time within 2 hours.

- ✓ Timely access to psychiatric care, reduce LOS, reduce boarding

#### Medical-Surgical & ICUs

**Consultation-Liaison Psychiatry service** for ongoing management of patients with complex medical conditions and co-morbidities with same-day/ next-day scheduled appointments and daily rounding as needed until, patient discharge.

- ✓ Improve health outcomes for patients with psychiatric disorders that are comorbid with complex medical conditions, relieve burden of psychiatric care from on-site staff

## ACCESS TELECARE

Access TeleCare is the standard bearer of clinical excellence in acute specialty telemedicine, providing high-quality care for patients in 1 out of 5 U.S. hospitals. Over the last 20 years, the company has delivered care in over 7 million patient encounters across multiple specialty service lines including behavioral health, neurology, hospitalist medicine, pulmonary and critical care, maternal-fetal medicine, infectious disease, cardiology, and nephrology. Access Telecare is the first and longest-standing telemedicine organization to receive The Joint Commission's Gold Seal of Approval in 2006. Contact: John Henry, Chief Growth Officer at [jhenry@accesstelecare.com](mailto:jhenry@accesstelecare.com) or 972-449-0540.

## ACUITY BEHAVIORAL HEALTH

Acuity Behavioral Health provides the Behavioral Health Operations Intelligence (BHOI) platform for use in behavioral healthcare clinical operations. The BHOI was created specifically for behavioral healthcare to improve operational efficiencies, reduce safety incidents, improve staff retention, and establish a standard model to facilitate enhanced reimbursement. The platform intelligence is driven by the Behavioral Health Acuity Index (BHAi), a validated and comprehensive measurement of psychiatric patient acuity, and Acuity INSIGHT, an AI solution that utilizes data from the BHAi to transform patient, nurse, and unit-level data into actionable, easy-to-access insights for nurse managers and administrators. For more information, please visit us online at [acuitybh.com](https://acuitybh.com) to schedule a demo or email [sales@acuitybh.com](mailto:sales@acuitybh.com).

## ANONYMOUS HEALTH

Anonymous Health offers an AI-powered engagement platform that helps healthcare organizations and employers support people through recovery and beyond. From provider messaging and AI voice outreach to alumni engagement and virtual communities, our software keeps people connected between appointments, when risk is highest. Built for better retention and real outcomes, it makes long-term support scalable without creating more work for your team. Want to see it in action or get a free assessment? Visit [anonymoushealth.com](https://anonymoushealth.com) or email [info@anonymoushealth.com](mailto:info@anonymoushealth.com).

## THE INDUSTRY LEADER

IN LIGATURE RESISTANT PRODUCTS

Behavioral Safety has a passion and an unwavering commitment to save patients' lives and improve the quality of their environment. We specialize in designing exclusive ligature-resistant building products for the behavioral industry. Dating back to the 1980s, we have extensive experience building behavioral hospitals. We utilize this knowledge to invent behavioral products that aid in counteracting present suicide attempts and future anticipated patient experimental efforts. Our goal is to furnish our customers with cutting edge ligature-resistant products and excellent service.

**The Door Switch™ is an over-the-door ligature-resistant product for Behavioral Healthcare Facilities.**

**The Door Switch™ provides a distinctive alert solution to enhance in-room resident safety at a critical time. During private time, though the hallway and restroom doors provide privacy, they can also pose a threat for those who may be considering self-harming activities.**

Until now, the only solution for this threat has been the removal of the door or other invasive means that often diminish both dignity and respect. **The Door Switch™ changes this problematic situation by helping to mitigate the risk that can go hand-in-hand with privacy. It alerts the staff immediately, visually and audibly, if a resident's door is being used as an over-the-door ligature point. It also creates a time-stamped audit trail event log.**

**A patented over-the-door ligature-resistant product. US Patent N0. RE42,991 and RE44,039.**

You may visit our website at [www.thedoorswitch.com](https://www.thedoorswitch.com).

## OXEHEALTH

Oxehealth has created the first patient monitoring platform for mental health hospitals – intelligent, secure and completely contact-free. The AI-driven solution empowers clinicians to adopt a data-driven approach to care, supporting informed decisions, timely interventions and better outcomes. Providers using Oxehealth's platform consistently achieve measurable improvements in safety, quality and efficiency. Oxehealth has supported over 100 providers to enhance over 75 million hours of patient care. To get in touch, please visit [oxehealth.com/contact](http://oxehealth.com/contact) or email us at [info@oxehealth.com](mailto:info@oxehealth.com).

## PYRCE HEALTHCARE GROUP

Pyrce Healthcare Group (PHG) is a national healthcare consulting firm, founded in 1990, specializing in behavioral health. The firm specializes in strategy, strategic planning, business development, market research, strategic partnerships, integrated delivery systems, and leadership/organizational development. PHG offers significant depth of resources, with direct involvement of experienced senior staff. Clients include hospitals/healthcare systems, health care companies, academic medical centers, human service agencies, physician/allied practices, professional/trade associations, municipalities, and investor groups. Recent examples of engagements include due diligence on a PE funded investment, a community public health needs assessment to direct county public health services, and business development growth planning and implementation for a multi-site behavioral health treatment program with a continuum of care. The firm has assisted over 350 organizations with locations in over 40 states. Excellent references are available. Please contact: **Jan Pyrce, Founder and Managing Partner/Pyrce Healthcare Group** / E-mail: [jpyrce@pyrcehealthcare.com](mailto:jpyrce@pyrcehealthcare.com) / Website: [www.pyrcehealthcare.com](http://www.pyrcehealthcare.com) / Phone: (630) 726-3388.

# Is the Food You Serve Helping Your Organization Grow?

**We've helped partners achieve up to 300% growth.**

Delivering upon the promise that **real food is medicine**, we enhance Behavioral Health organization's patient/staff experience, while helping their organizations achieve consistency, best-in-class employee retention, holistic performance, strategic scalability, and ultimately, significant growth.

Our Chefs prepare foods from scratch, on-site, using **100% fresh ingredients** that:

- **Result in better health outcomes**
- **Improve patient mood and cognitive clarity**
- **Support gut health**
- **Reduce inflammation and chronic conditions**
- **Enhance immune function**

When your clients/patients and staff love the nutritious foods and drinks prepared fresh, on-site, everyone wins. There is nothing as powerful as word-of-mouth advertising to drive sustained growth.

We invite you [To Learn More](#) about how NEXDINE Hospitality can help you transform dining into a powerful tool for healing, recovery, and growth. Simply contact us or stop by our booth at the upcoming NABH conference.

## **Serving the following:**

- **Large Behavioral Health systems**
- **Inpatient detoxification centers**
- **Clinical stabilization facilities**
- **Residential treatment centers**
- **Substance abuse treatment centers**
- **Mental health services facilities**
- **Recovery support services centers**
